SUBSTANCE OF INTERVIEW UNDER §713.04

Sir:

In accordance with §713.04 of the MPEP, it is respectfully requested that the following written statement as to the substance of a telephone interview for the above-referenced patent application be made of record.

1. An Applicant initiated telephone interview occurred on July 11, 2003 for the above-referenced application.
2. The participants for said telephone interview were Jeffery Brier, Patent Examiner, James Anglehart, Agent of Record, and Alexandra Daoud, Agent in training.
3. No exhibits or demonstrations were shown during the interview.
4. The only claim discussed was claim 1.
5. The proposed amendments discussed were those filed in a response of May 13, 2003 by the Applicant and not entered.
6. The first issue discussed was the amendment at page 8 submitted in the response of May 13, 2003 and the Examiner's rejection based on the introduction of new matter under 35 USC §132.
7. The applicant presented arguments as to the amendment at page 8 not constituting new subject matter based on application 09/526,440 incorporated by reference in the originally filed application and more specifically, figure 4 of the '440 application.
8. The Examiner agreed to review the incorporation by reference to determine if the amendment at page 8 violated 35 USC §132.
9. The second issue discussed was the obviousness rejection of claim 1 based on Ranganathan.

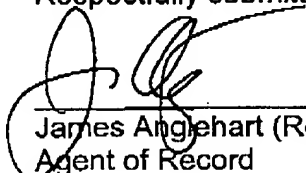

10. The Applicant presented arguments as to what is meant in Ranganathan by "additional logic" and discussed exhibit A submitted with the response of May 13, 2003.

11. The Examiner rejected the Applicant's arguments for issue 2 and maintained the 103 rejection of the claim.

12. It was agreed between the parties involved that an Appeal Brief would be filed with the complete arguments.

13. The Examiner left a phone message to Mr. Anglehart on July 15, 2003 stating that he would maintain the rejection of the amendment at page 8 since figure 4 of the '440 application did not appear to teach both blending and overlaying.

Respectfully submitted,

James Anglehart (Reg. 38,796)
Agent of Record
